

SCRUBBER-DRIER
TURNADO 35

Product feature:

- Roller brush
- 2-tank system
- Variabel contact pressure
- Battery and charger included
- Battery type, maintenance free
- Transport wheels
- Straight suction bar

Technical data

TURNADO® 35

Brush working width	350 mm
Vacuum working width	450 mm
Power rating	500 W
Battery capacity	21 Ah
Battery voltage	25,2 V
Tankvolume fresh water	12 l
Tankvolume dirt water	12 l
Brush contact pressure	150 g/cm ²
Brush speed	700-1500 U/min
Max. area performance	1400 m ² /h
Frequency	50-60 Hz
Voltage	220-240 V
Weight	35 kg
Dimensions (LxBxH)	1000 x 450 x 1300 mm

Version 01.2014

The **TURNADO® 35**: Manoeuvrable, user-friendly and easy-to-maintain, this scrubber drier is a highly professional and efficient tool for cleaning small areas and cluttered surfaces. The machine is fitted with a rotatable roller brush head with **TURNADO®** technology, making it perfect for tight corners. Can also clean in reverse if necessary (due to lack of space etc). The new lithium-ion battery has a prolonged running time, making it 3 times more durable than normal lead batteries. It is completely maintenance-free and quick to recharge. The machine's lightweight design helps you to negotiate steps and facilitates transportation. The eco!efficiency mode reduces energy consumption, increases the running time and lowers the volume by around 40%. Never cleaning was so simply and, besides, has given so much pleasure.

Convincing advantages:

- Up to +/- 200° rotatable brush head.
- Easy operation in tight corners, if necessary, cleaning and vacuuming can also be done in reverse.
- The brush is always transverse to the direction of travel.
- The squeegee blade reliably absorbs the water in every corner.
- Includes high-performance lithium-ion battery. Completely maintenance-free despite a service life that is three times longer than conventional batteries
- Quick charging (full in 3 hours, half full in 1 hour). Interim or partial charging is also possible where necessary.
- Saves resources and extends running period by up to 50%.
- 40% reduction in noise level.
- Moving away from the wall is possible at a 90° angle.
- Compact device No device protrusions; easy handling.

Ideal for to clean:

- Smaller retail sales rooms
- Small and misaligned storages spaces
- Hotel and Office entrance areas
- Locker room and restrooms
- Kitchen
- Garages
- Sales room
- and much more
